Raja Sent our Jobs to India

✗ Raja almost tripled the workforce at his state-of-the-art facility in India. Raja increased employment from 80 to 250 workers.¹

Now we learn Raja gives our local jobs to foreign workers here on VISA.

✗ In 2010, The Pittsburgh Post Gazette reported that up to 10% of CEI's consultants work under a H-1B visa (Raja is President of CEI)²

At CEI Inc., an IT services business based in Scott, about 5 percent to 10 percent of 250 consultants in the United States work under H-1B visas, said Tim Cron, Pittsburgh branch manager.²
